SOMETHING LIGHTER

A Chore Chart for Kids: One Layer Each Night

The layers go faster when everybody who lives there takes one. Give each person a layer they own every night, so it's not all on you.

Little ones

- ☐ Pillows back on the couch.
- ☐ Toys in their basket.

Bigger kids

- ☐ Chairs tucked in.
- ☐ Cups and plates to the kitchen.

Grown-ups

- ☐ Food back in the pantry.
- ☐ Dishes done.
- ☐ Counters cleared.

Everyone

- ☐ Their own shoes, bags and jackets back in their homes.

Say the layer out loud at the same time every night, like right after dinner. After a couple of weeks, nobody needs to be asked.
